**Notes:**

Any Required Courses, Major Electives or Concomitant Courses taken as part of General Education may be cross-listed to meet requirements under Sections B and C. However, do not count the credit hours twice in the calculation of the 120 CR minimum for the degree. Semester hour deficiencies resulting from such cross-listing of courses may be made up by increasing the credit hours in Section D.

Please select the Concomitant Courses in Computer Science in consultation with your advisor.
