Bachelor of Arts in Music Degree Requirements

The Department of Music at Kutztown University is fully accredited by NASM, CAEP, PDE and the Middle States Commission on Higher Education. All music students must fulfill the standards prescribed by the accrediting agencies.

Students should check the Department of Music web site for clarification and complete information about all current policies and degree requirements for music majors at Kutztown University:

Music Department/Current Students:

Applied Study. Music majors will take applied lessons every semester of enrollment, culminating in a senior recital. Seven credits will be counted toward graduation, plus the senior recital.

Ensembles. Only one ensemble credit per semester may count towards fulfilling graduation requirements.

Concert Attendance. Music majors are required to attend a certain number of specified recitals and other concerts each semester. The required number is determined by the applied faculty and announced at the beginning of each semester. Attendance at required concerts is considered in determining the final semester grade in the student's principle applied area. Music majors will also be required to attend music major convocations to be held on various Thursdays at 11 AM.

Juries. The student's progress in applied lessons will be observed and evaluated by music faculty through juries at the end of each semester. The jury score will count for 20% of the semester grade in applied study. The student will not present a jury in the senior recital semester.

Maintaining Music Major Status. Music majors must receive a final semester grade of "C" or better in their principal applied performing medium in order to continue as a music major. Should a student fail to receive a final semester grade of "C" or better in the solo performing medium, they will lose status as a music major and immediately will need to declare a new major; or the Registrar's Office will identify the student as an Undeclared Major.

Senior Recital. The jury in the semester prior to the recital will determine if the student is to deliver a culminating performance of 50 minutes for the public. Performance majors must perform a public recital.

Piano Proficiency. Piano proficiency is required. The student may schedule the proficiency test for piano during any semester of the program. Requirements for the proficiency are available in the music office.

Comprehensive Examination. BA Music majors must successfully pass a comprehensive examination in music.
