

# Audio Engineering Minor Program Requirements

The Audio Engineering Minor serves the needs of musicians and non-musicians alike who wish to learn more about the vast area of the commercial music industry. The field of audio engineering has the unique capacity to engage students with a concrete knowledge base of technical proficiency for recording, editing and mastering musical performances while using critical assessment skills to evaluate usage decisions with current hardware and software.

*Note that all students must achieve 120 undergraduate credits and a minimum 2.0 overall GPA to graduate. Program requirement: 18 credits.*

*Minors MUST reflect a minimum of 6 credits of advanced standing coursework in the minor. Advanced standing coursework are courses 141 or higher*

## **Required Audio Engineering Minor Core Courses – 12 credits**

*Take each of the following courses:*

- MUSC 121 Fundamentals of Music Business (3 credits)
- MUSC 292 Audio Engineering I (3 credits)
- MUSC 296 Live Audio Production (3 credits)
- MUSC 315 Audio Engineering II (3 credits)

## **Elective Courses– 6 credits**

*Select two of the following courses:*

- MUSC 020 Basic Concepts and Skills of Music (3 credits)
- MUSC 080 Introduction to Music Production and Songwriting (3 credits)
- MUSC 129 Recording Technology Survey (3 credits)
- MUSC 199 Songwriting (3 credits)
