

Educational Doctorate in Transformational Teaching and Learning Requirements

This program is designed to be completed in 3 years (inclusive of winters and summers). Years 1 and 2 will be course intensive, while year 3 (and beyond, if necessary) will be individualized work focusing on the capstone experience and specialization or individual interest areas of study. Since this is a cohort model, participants will enroll in all required courses together and continuous enrollment is expected until graduation.

Program completion will require 54 credits (beyond the master's degree) with distribution as follows:

- Foundations Core (21 credits)
- Specialization Core (15 credits)
- Research/Dissertation Core (18 credits)

Note that all students must achieve 54 graduate credits and a minimum 3.0 overall GPA to graduate. The final GPA requirement for the Educational Doctorate in Transformation Teaching and Learning is 3.0.

Foundation Core Courses – 21 credits

EDDR 701 Transformational Learning and Teaching: Personal and Professional Perspectives (3 credits)

EDDR 702 Transformational Learning Models and Instructional Design (3 credits)

EDDR 703 Leading and Implementing Transformation Change (3 credits)
