

# Environmental Geography Minor:

## Why choose the Environmental Geography Minor?

1. Environmental geography gives you a spatial perspective, so that not only can you answer the question of where are things located, but why are these phenomena located where they are and what is their significance.
2. Environmental geography provides a global perspective of environmental processes and problems that condition and influence international relations.
3. Environmental geography expands employment opportunities; its perspectives are used by planners in government, teachers, environmental analysts, and non-governmental organizations.

## Categories of Courses (minimum of 18 credits required)

### A. Required Courses -- 6 Credits

GEG 010	Elements of Physical Geography
GEG 274	Intro. to Geographic Information Systems and Lab

### B. Elective Courses -- 12 Credits

GEG 040	Descriptive Oceanography
GEG 204/205	Meteorology and Lab
GEG 210	Environmental Conservation
GEG 212	Geography of Natural Hazards
GEG 232	Field Methods in Geography
GEG 304/305	Weather Analysis and Lab
GEG 322	Climatology
GEG 324/325	Geomorphology and Lab
GEG 330	Cartography
GEG 333	Advanced Geographic Information Systems
GEG 341	Environmental Planning
GEG 343	Land Use Planning
GEG 347	Remote Sensing of the Environment and Lab
GEG 375	Research Methods
GEG 394	Internship in Geography
INT 111	International Environmental Issues
