

Geography Minor

Why choose a minor in Geography?

1. Geography gives you a spatial perspective, so that not only can you answer question of *where* things are located, but *why* are these phenomena located where they are and *what* is their significance.
2. Geography provides a global perspective of processes and problems that influence international relations.
3. Geography expands employment opportunities; its perspectives are used by planners in government, teachers, environmental analysts, and marketing and business consultants.
