*Planning Geography Minor:

Why choose the Planning Geography Minor?

1. Geography gives you a spatial perspective, so that not only can you answer the questions of *where* things are located, but *why* are these phenomena located where they are and *what* is their significance.
2. The Planning Geography Minor builds on your understanding of environmental processes and problems that influence planning issues.
3. The Planning Geography Minor expands employment opportunities; its perspectives are used by planners in government, environmental analysts, and non- governmental organizations.
