

University Honors | Study Abroad Completion Form

Study Abroad is an opportunity for Honors students to explore the world, develop their interests, expand their horizons, and gain valuable life experience that can lift their education to new heights.

Requirements:

Prior to departing for the study abroad experience, the student should have written a roughly two-page essay outlining their learning goals for the study abroad experience and those ways that study abroad will help them meet their long-term ambitions.

To complete the process and earn Honors course credit, upon returning from abroad reflect on your pre-departure writing and the overall learning experience in at least 3 to 4 pages, up to 1200 words. Be concrete and specific. Give examples. What did you gain from the experience? In what ways did travel enhance your learning? What surprised you? Were there difficulties or disappointments? How did you overcome challenges that you faced? Speak in specific ways about how you can apply what you learned during study abroad to future coursework, your Honors capstone project, and/or your long-term personal and professional ambitions.

Submit your reflection with this form prior to the start of classes the semester or session after the study abroad was completed. The credits will be approved if significant, specific, and achievable outcomes and a connection to the student's educational goals are demonstrated. Study abroad will only be approved for Honors credit with a grade of B or better. A grade of B- is below a B.
